■ Bilgi, tecrübe ve kaliteye uzanan yolculuk...

A journey of excellence guided by knowledge, experience, and a commitment to quality.

2000 yılında kurulan ÇERMİKLER kısa sürede sektörde başarı göstermiş ve CONTACALL markasıyla üretime devam etmiştir. Sürekli kendini geliştiren ve büyüyen firmamız, kendi kullandığı PVC compound hammaddesini üretmeye başlamış ve birçok firmanın hammadde tedarikine destek vermiştir. ÇERMİKLER bir taraftan fitile renk vermenin gururunu yaşarken, bir taraftan da ARGE çalışmalarını hızlandırarak, intümesan fitiller (yangında şişen ve büyüyen), magnet (mıknatıs) ve EVACALL solar film gibi birçok ilke imza atmıştır. Hızlı büyüme süreci içerisinde, sektöründe birçok ilke imza atan Çermikler, her zaman kaliteyi ve müşteri memnuniyetini ön planda tutmuştur. Bu konuda son derece hassas davranan firmamız gerekli teknolojik yatırımlar ile son kullanıcıya kısa sürede ve üstün kalitede hizmet sunarak sektöründe öncü firma olmuştur. Firmamız 15'ten fazla ülkeye ihracat yaparak ülkemizi uluslararası arenada gururla temsil etmektedir. Firmamız Şubat 2023'ten itibaren yıllık 3.000 ton kapasite ile EVACALL Film üretimine de başlamıştır.

Founded in 2000, ÇERMİKLER has shown success in the sector in a short time and continued its production with the the brand of CONTACALL. Our company, which constantly develops, has started to produce the PVC compound raw material it uses and has supported many companies with the supply of raw materials. ÇERMİKLER is proud of producing colorful seals, on the other hand, it accelerated its R&D studies and achieved many successes such as intumescent seals (expanding in fire), magnetic strips and EVACALL solar film.

ÇERMİKLER has always kept quality and customer satisfaction at the forefront. Our company, which is extremely sensitive in this regard, has become the leading company in its sector by providing high quality service to the end user with the necessary technological investments. Our company proudly represents our country in the international arena by exporting to more than 15 countries.
